

Student feedback 2015-16

Feedback pertaining to students interaction with teachers of pre-Clinical subjects in theory as well as practicals was collected from 2015- batch students and was evaluated based on Likert's scale. Results of the evaluation is tabulated in the following table:

2015-16 MBBS batch

Interaction	Likert's Scale	Percentage
During Lecture classes (Inclusive of brain storming, debates and group discussion)	>4	75
Practicals & demonstrations	>4	76
